

This document explains the two ways to view your Health Requirements. Additional guidance documents that explain how to satisfy your requirements are also available on the Health On Track page of the Campus Health website (<https://campushealth.yale.edu/welcome-to-health-on-track>).

Viewing outstanding requirements from the Home Screen

1. Login to Health on Track using your NetID at <https://healthontrack.yale.edu/s/>
2. Review the information on the Welcome page.
The text box below the Welcome message will indicate if you have outstanding requirements.

Welcome

You have outstanding health requirements. Do you want to satisfy any of them now?

Pause Next

3. To view your outstanding requirements, click “**Next**”.
4. You will have the option to search your Epic MyChart records for existing vaccinations that may satisfy one or more of your requirements. Select Yes, Check My Epic Records or Do Not Check My Epic Records then click “**Next.**” Your outstanding Health Requirements will be displayed in the text box. See image below for example.

You have outstanding Health Requirements

* Select requirements to complete

TB Annual Screening

Tetanus-diphtheria Immunity

You have Health Requirements you need to renew.

- Tetanus-diphtheria Immunity (Next Due 2026-03-01)

Next

5. If you are ready to satisfy your requirements, select the appropriate requirement and click “**Next**”.
6. Follow the instructions to complete your requirements with documentation or by requesting an appointment with Employee or Student Health.

Viewing all requirements through the My Requirements tab

1. Login to Health on Track using your NetID at <https://healthontrack.yale.edu/s/>
2. Click on the My Requirements located in the top menu to view a list of all requirements and their current status.
 - a. Click on any Non-Compliant requirement to see a description and information about how to satisfy.

Note: If you have a Health Requirement with status of In Progress (orange clock ) , your documentation will be reviewed in approximately 10 to 15 business days. Health Requirements are considered compliant while they are In Progress.
